What Business Owners Need to Know

WOTC.com provides business owners with the opportunity to profit from their recently hired employees by maximizing the Work Opportunity Tax Credit (WOTC).

WHAT IS WOTC?

WOTC is a federal tax credit available to private-sector businesses, offering monetary rewards for every new hire who meets eligibility requirements. The government program has identified ten target groups that have historically faced significant barriers to employment. Participating companies can earn between \$2,400 – \$9,600 per new qualifying hire. Every year, employers claim over five billion dollars in tax credits under the WOTC program!
